

event\_handler

```
graph BT; rate_limit_manager[rate_limit_manager] --> event_handler[event_handler]
```

The diagram consists of two rectangular boxes. The top box is white with a thin gray border and contains the text 'event\_handler'. The bottom box is gray with a thin black border and contains the text 'rate\_limit\_manager'. A blue arrow points vertically from the top center of the gray box to the bottom center of the white box.
